

**AGREED MINUTES OF NEGOTIATION
BETWEEN THE REPUBLICA ORIENTAL DEL URUGUAY
AND
THE INTERNATIONAL BANK FOR RECONSTRUCTION AND DEVELOPMENT
FOR THE PROPOSED INTEGRATED NATURAL RESOURCES AND BIODIVERSITY
MANAGEMENT PROJECT**

1. Negotiations for a proposed Loan of US\$30.0 million and a GEF Trust Fund Grant of US\$7.0 million for the proposed Uruguay Integrated Natural Resources and Biodiversity Management Project (the Project) were held in Buenos Aires, Argentina, with a videoconference link with Washington DC, on April 21 and 22, 2005, between a delegation of the República Oriental del Uruguay (the Borrower), and the International Bank for Reconstruction and Development (the Bank). The Borrower's delegation was integrated by the representatives listed in Annex 1 to these minutes.

2. The Bank's team included: Michael Carroll, Task Team Leader (LCSER), Dinesh Aryal, Operations Analyst, Greicy Amjadi, Information Assistant (LCSEN); Mauricio Cifuentes, Team Assistant (LCSER); Pilar Gonzalez, Counsel (LEGLA); Morag Van Praag, Senior Finance Officer (LOAG3); Miguel Navarro-Martin, Senior Financial Officer (BCFBD); Enzo de Laurentiis, Sr. Procurement Specialist (LCOPR); and Antonio Blasco, Financial Management Analyst (LOAAS); Luiz Noronha, Alberto Yanosky (Consultants).

3. The draft Loan and Grant Agreements (LA and GA respectively) dated April 19th, 2005, were discussed and reviewed. A revised version of said documents dated April 22nd, 2005 is hereby attached as Annexes 2 and 3 to these minutes, respectively.

4. **Implementation Letter:** It was agreed that a set of 5 or 6 indicators would be selected from the list of indicators (included in PAD) to be used for Monitoring and Evaluation of the Project, which would be included as part of the Implementation Letter to be signed by the borrower at the time of Loan and Grant Signature.

5. **Loan characteristics (a)** The financial term of the Loan were discussed and the following agreements were reached:

IBRD financial product:	Fixed-Spread Loan (FSL) with principal repayments linked to disbursements (level)
Currency:	United States Dollars
Interest rate:	Variable rate, consisting of 6 months LIBOR, and a spread that will be fixed at the time of signing.
Repayment Terms:	Payable in 15 years, including 5 years grace period with disbursement-linked repayment schedule and level principal repayment on each April 15 and October 15 respectively.

Ag
P

(b) The Borrower's choice of the FSL is based on the fact that the FSL allows the Borrower to manage adequately loan repayment conditions, currency exchange risk and variations of the interest rate. The FSL allows the Borrower to calculate the financial cost of the Loan more accurately than the Variable Spread Loan does. The Borrower's choice of loan financial terms is summarized in the worksheet attached to these minutes (Annex 4).

(c) The Borrower, by signing these minutes, confirms the Loan choices selected by the Borrower and spelled out in the worksheet of Loan financial terms attached as Annex 4.

6. **Effectiveness conditions.** It was explained to the Borrower that the GEF Grant and the IBRD Loan will become effective at the same time. It was agreed that the formal adoption of the Operational Manual by the Ministry of Livestock, Agriculture and Fisheries is a condition for effectiveness and that the Bank would receive an official letter from the Minister informing of its adoption.

7. **Operational Manual.** An updated Procurement Plan will be incorporated into the Operational Manual.

8. **Financial covenants and Project Audits.** It was agreed that the Tribunal de Cuentas (the Borrower's Audit Supreme Institution) will carry out the Project audits as provided in Section 4.01 (b) of the LA as long as the Tribunal de Cuentas meets the criteria of independence, quality, capacity and timeliness in the opinion of the Bank. It was also agreed that the Financial Monitoring Reports (FMR) would be furnished every semester together with complementary progress reports under Section 3.06 of the LA and GA.

9. **Procurement.** During negotiations: (i) an acceptable Procurement Plan dated April 21, 2005 for the first 18 months of Project implementation was presented to the Bank and is attached as Annex 5; and (ii) it was agreed that the Procurement Plan will be updated in agreement with the Bank and incorporated into the Operational Manual, before effectiveness.

10. **Disbursements.** The Financial Management Staff of the Bank explained to the Borrower the new disbursement method using reports which include the Financial Monitoring Reports (FMR). The Borrower chose to use transaction-based disbursements, but a Report-based disbursements option has been kept in the Legal Documents as a choice for future use, if there is a need. However, the report-based disbursement may only be used by the Borrower upon written notification by the Bank.

11. **Front-End-Fee (FEF).** The Bank explained that if the proposed Loan is presented to the Board before July 1, 2005, the applicable FEF will be 0.5%. If the Loan is presented to the Board on or after July 1, 2005, the FEF will revert back to an amount equal to 1% of the Loan Amount unless a subsequent waiver has been approved by the Board.

12. **Disclosure of the PAD.** The Borrower confirmed agreement with the Bank's draft PAD dated April 19th, 2005, with the changes agreed during technical discussions and negotiations and found it acceptable for release to the public, in accordance with Bank policies and procedures. A

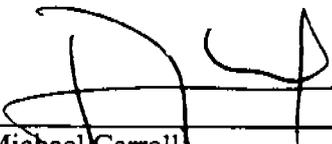

Handwritten signature and initials in the right margin.

revised version of the PAD including the changes agreed during negotiations should be sent to the Borrower.

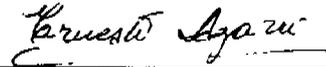

13. **Board date for the Project.** The Bank team informed the Borrower delegation that the Project is currently expected to be presented to the Bank's Board of Directors on June 7th, 2005.

14. **Acceptance of Project Documents.** The Borrower, by signing these minutes, confirms its acceptance of the negotiated LA, GA and Minutes of Negotiations. Prior to distribution of the Board package to SECBO (scheduled for May 11th, 2005) the Bank would need to receive: (a) a letter from the Minister of Economy and Finance ratifying the agreed draft LA and GA and these Minutes of Negotiations; and (b) a letter from the Minister of Economy and Finance (Governor for Uruguay to the Bank) designating the expert for Uruguay to sign the Statutory Committee Report pursuant to Section 4 (iii) of Article III of the Bank's Articles of Agreement (a sample letter is attached herewith as Annex 6). It was explained to the Borrower's delegation that the designation of the expert for Statutory Committee purposes could be made general for all projects with the Bank.

Ministro de Economía y Finanzas
Uruguay

Montevideo, 2 de marzo de 2001.-

SM 24/01

Señor
James D. Wolfensohn
Presidente
The World Bank Group
Washington D.C.

De mi consideración:

En mi carácter de Gobernador por la República Oriental del Uruguay ante el Banco Internacional de Reconstrucción y Fomento, por la presente designo al Sr. Carlos Steneri Representante Financiero de Uruguay en Washington D.C., para que actúe como Experto de la República Oriental del Uruguay en el Comité referido en el Artículo V Sección 7 del Convenio Constitutivo del Banco Internacional de Reconstrucción y Fomento.

Esta autorización es para cualquier proyecto a ser financiado por la Institución que preside, que se presente a su Directorio a partir de esta fecha y mientras quien suscribe sea Gobernador por la República Oriental del Uruguay ante ese Organismo.

Atentamente,

S. Zentgraf

Alberto Bensión
Ministro de Economía y Finanzas
Gobernador por Uruguay
